Campbell Hausfeld Introduces the 2-in-1 Hardwood Flooring Nailer/Stapler

Campbell Hausfeld has broadened its do-it-yourself nailer product line by adding a new 2-in-1 hardwood flooring nailer/stapler.

"The new flooring nailer/stapler provides our customers with yet another Campbell Hausfeld product that helps bring more value to their homes," said Jesse Moore, Product Specialist, Job and Worksite Group.

Featuring lightweight aluminum housing and weighing only 10 pounds, the 2-in-1 hardwood flooring nailer/stapler installs 5/8 inch to 3/4 inch prefinished or unfinished maple, oak, ash and cherry planks.

It holds 100 1 1/2 to 2 inch flooring staples or flooring L cleats and features an extra large handle for ease, rubber bumpers to prevent scratching, two shoes for 1/2 inch and 3/4 inch wood thicknesses and onboard hex wrench storage. It comes with a durable carrying case and no-mar rubber mallet.

The Campbell Hausfeld 2-in-1 flooring nailer/stapler is available for \$249 and is backed by a one-year limited warranty.

Founded in 1836 and based in Harrison, Ohio, the Campbell Hausfeld Air Products Division is a leading manufacturer and marketer of pneumatic and power tools, air compressors, inflation and tire safety products.
