

## Campbell Hausfeld Pressure Washers Get On Board with Built-In Cleaning Power

Campbell Hausfeld, a leading manufacturer of gas and electric-powered pressure washers, expands its product offerings by introducing the first line of gas-powered pressure washers equipped with on-board detergent systems and accessory storage.

"The "Soap on Board" models are truly 'wheel and go'," said Jim Maffei, Pressure Washer Product Manager at Campbell Hausfeld. "The built-in detergent tank and storage are user-friendly features designed to increase productivity by eliminating detergent spillage and multiple, time-consuming trips to retrieve cleaning brushes, nozzles and hoses."

Powered by reliable and easy-to-start gasoline engines, the models are ideal for tough projects around the home, farm, or small business, including cleaning equipment, driveways, concrete floors, building exteriors, decks and patios.

The "Soap on Board" line includes the following models:

- **PW1753:**

Provides 2.0 gallons per minute (GPM) at 1,900 pounds per square inch (PSI). Designed for all around home projects, this model features a built-in detergent tank, spray gun with variable fan nozzle, 25' pressure hose, vertical cart for compact storage and 8" semi-pneumatic wheels.

- **PW1755:**

Delivers 2.0 GPM at 1,900 PSI. Features mirror the PW1753 model with a bonus TurboNozzle to provide additional cleaning power.

- **PW2200:**

Supplies 2.0 GPM at 2,300 PSI. This 6.5 horsepower (HP) model features a built-in detergent tank, spray gun with variable fan nozzle, 25' pressure hose, vertical cart for compact storage and 8" semi-pneumatic wheels.

- **PW2450:**

Provides 2.2 GPM at 2,400 PSI. Designed for large cleaning projects, this 5.5 HP model features a built-in detergent tank, durable axial pump with brass manifold, professional grade gun with variable fan nozzle, 25' pressure hose, compact cart design and 9" semi-pneumatic wheels.
