

## **Campbell Hausfeld Power Mister Squeezes the Effort Out of Household Cleaning**

Does spring-cleaning inevitably mean a weary trigger finger from repetitively pumping leaky cleaning solution bottles? Campbell Hausfeld is motoring mundane household cleaning and improvement tasks to the next level of convenience and ease with the Power Mister.

"Today, more than ever, people are looking for methods to increase cleaning speed and efficiency while decreasing the hassles," said Pam Melton, Campbell Hausfeld Power Mister Product Manager. "We are excited to introduce the latest resource in cleaning and home improvement convenience."

The Power Mister is a handheld misting spray bottle with an easy-squeeze motorized trigger. Powered by a rechargeable battery, the Power Mister holds up to 32 ounces of most household chemicals and is designed to continuously and consistently distribute solution--cutting down on work time and eliminating excess spray.

Additionally, the uniquely shaped bottle is leak resistant and allows for flexible fluid application in extremely tight spaces.

The Power Mister may be used for indoor cleaning and improvement tasks, including:

- Daily shower cleaning
- Removing stains
- Bleaching or disinfecting
- Tile and grout cleaning
- Polishing furniture
- Cleaning upholstery
- Glass cleaning
- Applying wallpaper removal solutions
- Spraying liquid deodorizer

The Power Mister also is ideal for outdoor projects such as applying weed killer or lawn fertilizer; cleaning automobile tires, windows and interiors and spraying down patio furniture and grill racks.

The Power Mister is available for less than \$30 through [www.chpower.com](http://www.chpower.com) or by calling 1-888-CHPOWER (1-888-247-6937).

Founded in 1836 and headquartered in Harrison, Ohio, Campbell Hausfeld is a leading manufacturer and marketer of air compressors, air tools and accessories, paint sprayers, welders and pressure washers.
