

Maxus™ by Campbell Hausfeld Powers Job Site Cleaning with Two New Pressure Washers

Maxus™ by Campbell Hausfeld introduces two new powerful pressure washer options for blasting away debris from building exteriors, commercial lots and equipment: the PW2705 and the PW3005.

"Our new pressure washers are engineered for the busy contractor," said Jim Maffei, Maxus Product Manager for Pressure Washers. "They are powerful, reliable and portable for fast stain and dirt removal."

- The Maxus PW2705 gas pressure washer provides 2.7 gallons per minute (GPM) at 2,700 pounds per square inch (PSI). Backed by a limited five-year warranty, the PW2705 is engineered for longevity. The unit features a 7 HP Robin Subaru OHV engine, a thermal relief valve to prevent overheating and a durable axial pump. To improve job site portability, the unit is mounted to a heavy-duty cart with pneumatic tires and features an on-board detergent tank and accessory storage basket. The unit also includes quick connect tips for exact spray patterns. Suggested retail is \$599.
- Designed for the toughest cleaning tasks, the Maxus PW3005 gas pressure washer delivers 4.0 GPM at 3,000 PSI. The unit features a 9 HP Robin Subaru engine for easy start-up and quiet operation and a heavy-duty camshaft pump. Like the PW2705, the PW3005 is mounted to a heavy-duty cart with pneumatic tires for enhanced portability and includes quick connect tips for exact spray patterns. The unit also is backed by a limited five-year warranty. Suggested retail is \$899.

Maxus pressure washers, compressors and its welder/generator are currently available at all national co-ops and through select regional hardware chains. Interested dealers may order through 1-888-241-5858.

Maxus is a trademark of Campbell Hausfeld.
