

Deck 'N Drive Surface Cleaner Spruces Up Home Exteriors This Spring

Just in time for spring, Campbell Hausfeld launches the Deck 'N Drive Surface Cleaner (PW1091), a rotary pressure washer attachment that blasts away dirt and debris eight times faster than a standard nozzle.

The Deck 'N Drive can be used with almost any electric or gas pressure washer rated up to 2500 PSI at 2.2 gallons per minute. Homeowners simply attach the Deck 'N Drive to the end of the lance to clean a variety of horizontal and vertical surfaces, including decks, driveways or fencing. A pressure regulator helps control the cleaning force for uses on concrete and wood while extension sections provide a custom reach. In addition, perimeter bristles enhance cleaning ability while at the same time, retain water under the unit to prevent messy overspray.

The accessory also features integrated lateral handles to provide more stability when cleaning vertical surfaces.

The Deck 'N Drive will be sold as a stand-alone accessory at Wal-Mart for \$44.94. It also will be packaged with select Campbell Hausfeld pressure washer models.

Additional purchasing information is available by visiting www.chpower.com or by calling 1-888-CHPOWER (1-888-247-6937).

Founded in 1836 and headquartered in Harrison, Ohio, Campbell Hausfeld is a leading manufacturer and marketer of air compressors, air tools and accessories, paint sprayers, welders and pressure washers.
